ROVER 3500/3500S OWNER'S MANUAL, PART No. 607875

Models fitted with the dipping type interior mirror

The mirror is adjustable for direction and may be dipped by means of a 'tab' extending below the mirror to prevent reflected glare from the headlamps of following vehicles. In order to obtain the correct setting of the mirror for normal use (daylight driving) the image should be viewed with the dipping 'tab' in its furthest position from the driver. Pull the 'tab' rearwards for dipped image (night driving).

Rover 3500 and 3500S Owner's Manual

Specification details set out in this handbook apply to a range of vehicles and not to any particular vehicle. For the specification of any particular vehicle owners should consult their Distributor or Dealer.

The Manufacturers reserve the right to vary their specifications with or without notice, and at such times and in such manner as they think fit. Major as well as minor changes may be involved in accordance with the Manufacturer's policy of constant product improvement.

Whilst every effort is made to ensure the accuracy of the particulars contained in this Handbook, neither the Manufacturer nor the Distributor or Dealer by whom this Handbook is supplied, shall in any circumstances be held liable for any inaccuracy or the consequences thereof.
